School Announcements for Drug Awareness Week

#1

Listen to this.

Did you know...

If you have a graduated driver's licence, you are not allowed to drive after drinking any alcohol.

#2

Listen to this.

Did you know...

Marijuana smoke has many of the same cancer causing chemicals as tobacco smoke.

#3

Listen to this.

Did you know...

Even small amounts of alcohol increases the risk of injury and boosts the chances of developing about 60 diseases, including several cancers, liver cirrhosis and neuropsychological disorders.
(Reference: Jurgen Rehm, World Health Organization (WHO) study).

#4

Listen to this.

Did you know...

About 20% of drivers in grades 10 to 12 reported driving a vehicle within one hour of using marijuana and 23% of students have been in a car where the driver is smoking marijuana.

#5

Listen to this.

Did you know...

Vomiting and passing out after binge drinking is a sign of alcohol poisoning.

We encourage you to customize your announcement document to specifically address issues unique to your community

Please use during Drug Awareness Week
